BTU Input LP .....		31,000 – 40,500	
Efficiency NG .....		84%	
Efficiency LP .....		85%	
Convection Blower .....		160 cfm	

The Hudson Bay from Quadra-Fire is a great way to add romance and charm to any room. A large bay window reveals a strikingly realistic fire created by the exclusive TrueGlow burner and logs. Optional door crowns and grilles in gold or satin nickel finishes add a touch of class to match your décor. High efficiency, low maintenance, and excellent dependability are also yours with the Hudson Bay.

The TrueGlow Burner, an exclusive from Quadra-Fire, sets a new standard for realism. The ceramic burner is molded from real wood pieces and coals. Flames rise from gas ports distributed throughout the glowing coal bed and lower logs, producing an incredibly active and varied fire. No need to hide the burner anymore—the TrueGlow burner proudly takes center stage, with an appearance that is phenomenal whether it's burning or not.

## Standard Features

- Expansive bay window
- TrueGlow burner
- PyroGlo "real wood" logs
- Black door/louvered grille
- Herringbone ceramic refractory interior
- Easy-access, top-mounted controls
- Durable steel construction
- Tube heat exchanger
